Congratulations on the anniversary

## Eurotrain celebrates 30 years

Under the Eurotrain brand, the idee+spiel toy association bundles its marketing activities at the POS and online around the topic of »model railways«. As a long-standing supplier and partner, FALLER is participating in the anniversary year with creative sets and exclusive models. Look forward to limited special items from October onwards at

[ideeundspiel.com/cms/eurotrain](http://ideeundspiel.com/cms/eurotrain)

and at your local Eurotrain dealer.

We congratulate Eurotrain on its 30th anniversary and look forward to more years of good cooperation.

Time for celebration and remembrance

## 20 years of w13plus

We congratulate w13plus on its 20th anniversary.

The w13plus are a community of model railway dealers founded in 2003. Originally, the group consisted of 13 members and has grown year on year. They picked the name inspired by the adventures of Jim Button and the Wild 13.

Regular meetings serve to maintain partnerships with model railway manufacturers and to exchange ideas for special models and limited series.

Interesting suggestions for models were developed together with FALLER.

Available from October both online at

[w13plus.de/einigkeit-macht-stark](http://w13plus.de/einigkeit-macht-stark)

and from your w13plus dealer.

Learn from the professionals

## FALLER Workshops 2023

Construction, Car System or Car System Digital – these are the FALLER workshops that offer a unique opportunity for beginners and advanced model builders to learn from professionals, exchange experiences with other model making enthusiasts and create an individual diorama. Step by step, you will be guided through the process of creating your individual model layout and gain valuable insights into the planning, construction and design of model landscapes.

### Car System Basis Seminar

October 13 - 15, 2023

Topic: Basic knowledge

### Car System Digital Seminar

October 20 - 21, 2023

Topic: Basic knowledge

### Car System Digital vehicle modification

October 23 - 24, 2023

Topic: Vehicle modification

### Construction - Seminar

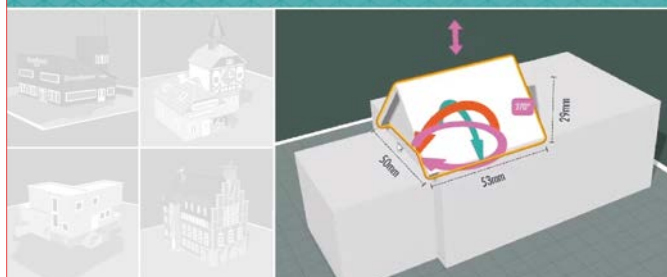

November 11 - 12, 2023

Topic: Backyards

Location: Unimog Museum Gaggenau

Workshop dates for 2024 will be announced on our website soon:

You can keep checking for updates at: [faller.de/en/workshops](http://faller.de/en/workshops)

From the idea to the model in just a few steps

## FALLER CREATE

With the web-based software – FALLER CREATE – you can construct your unique building model in H0, N, TT or POLA G gauge sizes. Whether you want to design a building shell, a roof, a façade or other building elements – you can create different variations with just a few mouse clicks. Best of all, FALLER CREATE requires no installation and you don't need to be an IT expert. The software is designed to be self-explanatory and user-friendly, so that anyone can use it without any problems.

See for yourself and design your individual building model free of charge.

# »Feldkirchen Railway station« Promotional-Set

4

All aboard, please! This station set includes a typical rural station with a beautiful grey stone façade and a partially covered platform, plus a two-story freight shed with a loading ramp and a small stationmaster's cottage with two barriers to create a railroad crossing.

Contents: Railroad station, goods shed, gatekeeper's lodge, level crossing

**Epoch III** • Railway station: 240 x 128 x 137 mm • Level crossing:  
95 x 40 x 29 mm (2 x) • Gatekeeper's lodge: 103 x 92 x 85 mm •  
Goods shed: 174 x 169 x 131 mm • 10/23

## Promotional-Sets

- particularly affordable
- proven FALLER quality
- limited edition
- creative theme combinations

190140

## »Small Railway Maintenance Services« Promotional-Set

Good maintenance for the locomotives! The set for recreating a railroad depot from times past includes a locomotive shed, a water tower, a compressor house, a gantry crane, and two articulated water cranes.

Contents: Locomotive shed, water tower, compressor house, gantry crane, 2 articulated water cranes

**Epoch II** • Gantry crane: 130 x 56 x 106 mm • Compressor housing: 89 x 47 x 41 mm • Locomotive shed: 305 x 158 x 170 mm • Water crane: 78 x 15 x 70 mm (2 x) • Water tower: Ø 99 x 236 mm • 09/23

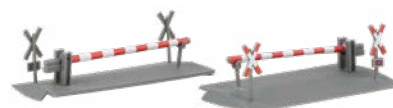

190141

## »At the level crossing« Promotional-Set

Caution: Level crossing! This model kit consists of a gated railroad crossing with signal box, a freight shed with ramp, stack of boards and ladder, as well as two pre-landscaped landscape segments with arbours and numerous garden accessories.

Contents: Signal tower, goods shed, 2 allotments, level crossing with railroad barrier

**Epoch III** • Level crossing: 95 x 40 x 30 mm (2 x) • Goods shed: 175 x 81 x 63 mm • Allotment 1: 105 x 75 x 41 mm • Allotment 2: 105 x 75 x 30 mm • Signal tower: 97 x 67 x 80 mm • 10/23

6

190138

## »Sawmill« Promotional-Set

Craftsmanship! The open design of the sawmill and the lumberyard provide insight into the sawmill operation. The inn with a covered wooden terrace invites you to stay and relax. An idyllic half-timbered house completes the sawmill set.

Contents: Sawmill, inn, half-timbered house, lumber yard

**Epoch II** • Saw mill: 230 x 160 x 104 mm • Inn: 145 x 145 x 96 mm •  
Half-timbered house: 130 x 86 x 56 mm • Lumber yard: 115 x 87 x 59 mm • 10/23

190139

## »Alpine village« Promotional-Set

Alpine ambience! Multiple-piece set in alpine rural style with traditional apartment building, a masonry hammermill's shop with waterwheel, a small hay barn as well as a harvesting wagon, wheelbarrows, ladders and many others more as matching accessories.

Contents: Alpine house, hammer mill with water wheel, hay barn, accessories

**Epoch I** • Alpine house: 142 x 137 x 90 mm • Hammer mill: 310 x 115 x 100 mm •  
Hay barn: 92 x 82 x 70 mm • 09/23

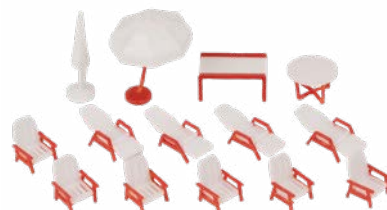

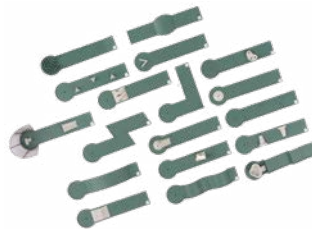

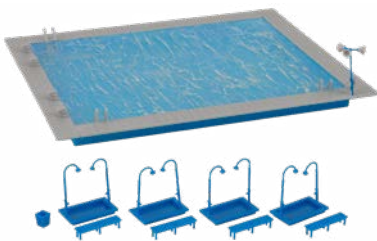

190136

## »Leisure time« Promotional-Set

Everybody's favourite memory: the nostalgic outdoor village or small town swimming pool. The entrance area with turnstile, kiosk and cash desk as well as the changing rooms, the swimming pool, open-air showers, sun loungers with umbrellas, a lovingly designed playground with table tennis tables, various climbing equipment, slide and a diverse mini golf course all invite you to enjoy a carefree summer's day.

Contents: Entrance area, swimming pool, outdoor showers, sunbeds, sunshades, playground, table tennis tables, mini golf course

**Epoch IV** - Swimming pool: 400 x 258 x 70 mm - Depth: 13 mm - 10/23

110134

## »Lavin« Station

This railway station building is modelled on Lavin railway station in the municipality of Zernez in the Swiss canton of Graubünden. Lavin railway station is located between the Sargliains and Guarda railway stations. There is a loading ramp on both the road side and the track side. The deeply recessed window reveals and the lowered gable roof give the building its typical regional appearance and make it a beautiful centre of attraction on any H0 model railway layout.

**Epoch III** • 400 x 148 x 115 mm • 12/23

120308

## »Lavin« Toilet building

Whether on the train or at the station, the main thing is that the toilet should be clean. Of course, no railway station should be without a railway station toilet on our H0 model railway layouts. Rustic replica of the original in Lavin with elaborately laser-cut roof, windows and realistic colour variations in the wood.

**Epoch II** • Lasercut model • Patinated model •  
75 x 75 x 55 mm • 12/23

XX/23 Month of delivery

120306

## Railway booth with railway attendant

Historical figure, here a railway attendant, stand in front of a small railway attendant's house typical for Epoche III. Versatile building with matching figure in H0.

**Epoch III** • 53 x 51 x 61 mm • 01/24

130592

## Large filling station BP

A BP petrol station as it is rarely found in reality today. A real treasure of the good old days. Equipped with petrol pumps, salesroom and a car repair workshop. The gates are not movable, but can be partially built in the open or closed state.

**Epoch III** - 285 x 210 x 53 mm - 11/23

120307

## Toilet building

Every detail counts. On a H0 model railway layout with a historic station, you shouldn't forget the matching toilet buildings for passengers.

**Epoch II** - 81 x 72 x 60 mm - 01/24

130143

## Plastics processing factory

Production hall, cooling fan, two silos and a warehouse with office make a cohesive and interesting industrial theme for landscaping on a model railway layout. The production hall easily allows you to peak in and provides an unrestricted view of a wide range of accessories, in particular the well-equipped machine park with injection moulding machines.

**Epoch IV** • Office: 152 x 104 x 125 mm •

Factory building: 175 x 148 x 78 mm •

Cooling fan: 94 x 34 x 19 mm •

Silo: 60 x 42 x 135 mm • 11/23

151694

**On the construction site**

130887

## Village post office

Rural post office to create an idyllic village scene on the H0 model railway layout. The building, which dates from Epoch III, comes with a stylishly renovated appearance. Matching accessories such as telephone boxes, bus stops, letterboxes, advertising pillars, park benches and much more are included in the kit.

**Epoch III** - 125 x 101 x 135 mm - 01/24

130658

## House under construction with crane

A detached house being built with a matching small construction crane, intended for the H0 model railway layout of Epoch V.

**Epoch V** - One-family house: 120 x 90 x 95 mm -  
Crane: 352 x 75 x 320 mm - 11/23

180389

## Plaster silo and construction trailer

Small construction wagon in a wooden style including silo with »Knauf« lettering as well as 6 small wooden pallets and matching plaster bags.

**Epoch IV** - Construction trailer: 61 x 31 x 37 mm -  
Silo: 24 x 24 x 64 mm - 12/23

130623

## Engadine residential house

A detailed model house with many accessories typical of the Engadine, such as flower boxes, flower planters and village fountains, as well as a spacious wooden balcony.

**Epoch I** - Patinated model - 125 x 88 x 117 mm - 12/23

130633

## Small Engadine house

Switzerland, especially the Engadine, is known for its picturesque landscape and the punctuality of its trains. The small Engadine house in H0 is equipped with many typical details, such as an oriel, an imposing stone staircase, the typical framed windows and an outside baking oven, as well as a stack of wood. The model offers a beautiful focal point for the design of a realistic Swiss model railway landscape.

**Epoch I** - 131 x 108 x 117 mm - 12/23

151926

**Highland cattle, red**

11/23

151957

**Highland cattle, black**

151958

**Highland cattle, brown**

11/23

130583

## Farmhouse with stable and garage

Spacious and well-maintained rural property with residential house, in an outside location or on the edge of the village, including garage and modern well-maintained stables.

**Epoch IV** • Residential house: 162 x 152 x 130 mm •  
Stables: 265 x 148 x 95 mm • Garage: 65 x 46 x 47 mm •  
11/23

13

130584

## Equipment shed, slurry pit and feed silos

Set of two feed silos, covered open equipment shelter and an open slurry pit with accessories such as pump and pipes, well suited to the design of a working farm.

**Epoch IV** • Implement shed: 265 x 120 x 93 mm •  
Cesspit: Ø 142 x 39 mm • Silo: 27 x 24 x 65 mm •  
11/23

130678

## Driving silo and manure heap with crane

A mobile silo, a manure heap enclosed in concrete, together with the associated crane are still frequently found on farms in many regions.

**Epoch III** • 264 x 74 x 26 mm •  
11/23

- Connection: 5 V, DC voltage
- 20 warm white LEDs
- Total length: 400 mm

**Epoch IV** · Booth 1: 86 x 57 x 54 mm · Booth 2:  
70 x 39 x 59 mm · Tree height: 100 mm · 11/23

180874

## Icicles

Capturing the winter season on a model railway layout is a delight, but can be challenging. The two moulded parts with different rows of icicles for straight edges and roof slopes offer practical support for the design of the wintry setting of the FALLER H0 houses.

11/23

170468

## Snow set

Powder snow! Create beautiful winter scenes. Practical set consisting of snow paint and a handy sprinkling tin with snow powder, mixing cup, dabbing sponge and brush. Simply paint or dab roofs, trees, fences or other small parts with white paint and sprinkle the special-effect powder on top. Also ideal for roadside landscaping.

10/23

212125

## »Susch« Railway station

This enchanting railway station in N, deceptively modelled on the original Susch railway station on the slope of the Flüela Pass, impresses with its digitally printed facade. It's located between the Lavin and Zernez railway stations and blends harmoniously into the scenic backdrop.

**Epoch II** • 110 x 74 x 58 mm • 12/23

22

222104

## Segment turntable with engine shed

The functioning segment turntable with servo motor, the small restored locomotive shed with half-timbering from Epoch II as well as a coal shed and a water crane complete the scene for diverse model building scenes on a N model railway layout.

**Epoch II** • Segment turntable: 96 x 83 x 9 mm • Locomotive depot: 90 x 61 x 62 mm • Coal bunkers: 45 x 45 x 11 mm • Water crane: 40 x 8 x 30 mm • Depth: 28 mm • 01/24

272589

## Tunnel portal, 2-track

Light grey tunnel portal for model railway from Epoch I. The side wings can be built at any angle.

**Epoch I** • Tunnel portal: 110 x 94 x 91 mm • Clearance width: 55 mm • Clearance height: 54 mm • 01/24

23

232179

### »Optik Roth« Town house

## »Langwies« Station

This authentic FALLER model house is a replica of the original Langwies railway station, which sits proudly along the picturesque Arosa/ Rhaetian railroad in the Swiss canton of Graubünden.

**Epoch II** • Lasercut model • 85 x 46 x 47 mm • 11/23

282772

## »Langwies« Alpine lodge

Authentically recreated alpine house from the idyllic village of Langwies along the Arosa railroad.

**Epoch II** • Lasercut model • 66 x 65 x 57 mm • 12/23

140450

## »No limit« Fairground ride

The FALLER model »No Limit«, which is very close to the original in movement and artistic design, originates from the Dutch showman Van Reken. It's a fairground ride with a Furioso-type swing over from the manufacturer Mondial.

The fairground model »No Limit« is an impressive ride and a real highlight on every fairground model layout. The eye-catching digital printing and the dynamic movement of the model attract the eye and make for a thrilling ride.

Control and drive parts are included in the kit. Connection is via 16 V alternating voltage.

## Soldering and work station with magnifying lamp

A versatile workstation ideal for holding parts securely when soldering, modelling and painting. All holders can be freely positioned by using strong magnets. The rubberised flex arm holder (or gooseneck) protects each component from damage. Thanks to the magnifying lamp, even the smallest components can be handled with ease.

Not included: 3x AAA batteries
