# ORDERING INFORMATION & TERMS

June/July 2018

Dear Atlas Authorized Dealers and Distributors,

Welcome to the Summer 2018 Atlas ASMC consumer edition of product Announcements and Arrivals, the comprehensive source for Atlas' June and July 2018 Announcements, Arrivals and more! Again this month, dealers and distributors will be receiving a Consumer (MSRP only) Edition of the ASMC that can be displayed for customers, as well as an "Official Pricing and Ordering" Edition that is confidential, with quantity discount pricing order forms. This allows you to display the Consumer Edition while keeping the other for your ordering purposes. These documents will be available in physical and electronic formats. If you wish to receive a hard copy of these each month, feel free to call us and request to be put on the mailing list. You can also view and reserve monthly releases, in stock products, track & accessories via our online store, [shop.atlasrr.com](http://shop.atlasrr.com).

Atlas authorized dealers and distributors are also encouraged to distribute copies of the Consumer Edition to their own proprietary consumer lists—both physical and electronic—to help promote awareness of these new product announcements and arrivals.

Here at Atlas, we have an unwavering dedication to prototypical authenticity. Unless otherwise noted, every paint scheme that appears on a model we produce has been carefully researched and recreated to look exactly as it did on the prototype.

Help your customers beat the heat this summer with Atlas! We're announcing models and accessories to keep modelers and their layouts cool for the summer! RS-1 and Dash 8-40C/CWs are being announced in both N and HO scales. There's plenty of freight available for pre-order as well – 25,500 Gallon Tank cars and Coalveyor Bathtub Gondolas in all scales, plus 40' Stock Cars in N and O and MORE! Don't miss out on the highly anticipated return of the NEW and IMPROVED Atlas O Turntable! You'll find all of these wonderful models and more inside, as well as arriving locomotives, rolling stock and track in all scales.

Sincerely,

Joe Kolnoski  
Vice President of Sales

**PRE-ORDER INFORMATION:** Atlas GUARANTEES pre-orders if placed by **July 25<sup>th</sup>, 2018**. Orders placed after that date are accepted but subject to availability. Atlas pre-orders allow dealers/distributors to guarantee customers immediate delivery upon release. Atlas does not charge for pre-orders until the product is shipped. Quantity discounts apply to the purchase of individual item numbers. Items cannot be combined to reach respective discounts. Atlas reserves the right to cancel any item number that does not meet minimum order quantities.

**PAYMENT & SHIPPING TERMS (USA AND CANADA):** Open order payment terms with credit approval, 2%/35 days. We accept Visa, Mastercard, American Express and Discover. All credit card payments are 2%/10 days, net 35. Pro forma payment terms, with approved application, credit card payment. A 3% S&H fee will be added to orders of less than \$2,500 of shippable merchandise. Orders of \$2,500+ of shippable merchandise are freight prepaid. Shippable merchandise is defined as customer ordered product, received by Atlas and available to ship. Available merchandise will not be reserved or held; any in stock items can be combined with shippable merchandise for lower shipping & handling fees. Prices and terms are effective upon publication, but are subject to change without prior notification.

### ATLAS O TURNTABLE

**Ordering:** <https://shop.atlasrr.com/d-474-summer-2018-o-scale-pre-orders.aspx>

## NEW & IMPROVED

In the steam era, many railroads used turntables to turn locomotives for their next journey. Railroads still use turntables to assist in the maintenance of diesel locos and rolling stock. Based on a Santa Fe prototype, Atlas O has realistically duplicated its above ground details, and improved features & functionality so that adding a working turntable has never been simpler. What's more, everything is included for easy tabletop installation.

#### FEATURES:

- New - larger and more powerful motor
- New - flat cogged anti-slip belt
- New - deck support with more roller bearings for greater support of heavier locomotives
- New - redesigned metal contacts to power the rotating track
- Drive assembly is hidden under the utility shed
- Table diameter: 24"
- Proven Geneva-gearing for positive indexing
- Can be used for both 3 rail and 2 rail operation
- Will run on AC or DC power
- Compatible with TMCC and DCS (using TMCC or DCS accessory interface)
- Molded in appropriate colors
