

Introducing the **WALTHERSPROTO**

1960s City of Los Angeles

Traveling east or west in the 1960s was an adventure to remember on board the Union Pacific's *City of Los Angeles*! Powerful lash-ups of Union Pacific E9s led the standard consist, which included signature domes and luxurious Pullman sleepers, as well comfortable coaches during the winter months. The great train is ready for departure once more, in a new series of 10 limited-edition cars and matching E units, all coming soon in HO Scale from Walther'sProto®!

Walther'sProto E9A & B Diesels - **October 2019** delivery

A Note on Availability

At Walther's, we strive to provide you with the widest variety of product possible. In order to achieve this goal, we maintain significant inventory on site. Despite our best efforts to have every item in house at all times, it is not realistically possible to do so. For your convenience, we do our best to promote items that are in stock and to clearly label other items—those that are new and available for Advance Reservations or items that are low in stock and have Limited Quantities Available when the Flyer goes to press. At times, we experience a quick sell out on a particular item or unexpected demand for an item that we believed to have sufficient stock in house. In many cases, items can be back ordered for future delivery. In other cases, we are unable to secure more of a particular item. For the most up to date availability information, we encourage you to check walthers.com, email us at custserv@walthers.com or call our Customer Service Team at 1-800-4-TRAINS.

Please know that we appreciate your support of both Walther's and your Local Hobby Shop. We are committed to making this Flyer a valuable part of your model railroading.
